## Description

St. Helena offers guests a unique feeling of the Old Colonial Style of living. This beautiful five-bedroom beach house is nestled within lush tropical gardens and the white sandy shores of the prestigious West Coast beaches. Designed by the late Oliver Messel with recent renovations by renowned local architect Larry Warren, this home is tastefully and comfortably furnished with everything you should need to make you feel right at home. There are two delightful sitting rooms that lead out onto a covered dining patio, an alfresco dining area with a pool deck and bar entertaining areas. The pool deck is partly covered and features fountains carved from the island's natural coral stone. Upstairs are three bedrooms including the spacious master bedroom with a luxurious canopied bed and private sitting room/study, named the "Napoleon Room". There is excellent swimming in front of St. Helena, and an alfresco dining gazebo located in the gardens between the house and the beach. In 2014 The owners built a separate three-bedroom cottage set amongst the beautiful tropical gardens, overlooking the pool and the sea. This can be rented together with the main house to increase the overall capacity to 16 people accommodated in eight-bedrooms. At St. Helena the Staff is dedicated to making your holiday an enjoyable one. Their aim is to make your visit to St. Helena and the beautiful island a truly relaxing island getaway. Summer price: US \$2,840 per night Winter price: US \$5,590 per night Christmas price: US \$8,890 per night
