

ONE CARIBBEAN ESTATES

Firefly Luxury Villas

Bequia Island, Saint Vincent and the Grenadines

US\$ 830,000

Description

These homes are set in a private beachfront enclave of a 30-acre tropical plantation on the idyllic island of Bequia which is anchored by a well-established, highly acclaimed boutique hotel.

The enclave, which stretches from the spectacular beachfront to the lush interior, has been sub-divided into nine private island-style clusters which are elevated 2 feet above ground to guarantee privacy and afford beautiful views across the beach, sea and plantation. Each "island" will be home to just a couple of villas or buyers can choose to have an "island" all to themselves.

Buyers can choose from 2 to 6 bedroom open plan contemporary villas, all of which are located in elevated private island style clusters designed to offer the privacy of a private island style community.

Buyers of this property for sale in Bequia will enjoy an unrivalled package of care-free villa ownership benefits unlike any other on offer on the island of Bequia.

Benefits include an attractive Founders Package for the first few buyers, year-round villa maintenance and in-villa hotel services, a villa rental program offering owners the opportunity to generate income from their villas when not in personal use, as well as use of all amenities and discounted rates at the hotel for family and friends.

Villas will feature from 1,600 sq ft of living space, including up to 6 bedrooms, contemporary open plan interiors, private terraces, private pools and outstanding views of the sea or lush green surroundings.

The villas will be built in harmony with Bequia's stunning landscape, in a style which perfectly balances contemporary European architecture with the elegance of classic West Indian design.
