This recently completed 2022 home spans over 2100 sq ft of living space across one storey.

Villa ViewTop benefits from several owner designed upgrades over and above the standard villa specification including; air-conditioning in all of the bedrooms and also in the living room / open kitchen concept, along with ceilings fans in all rooms and over the covered patio area outside the full width bi-folding doors to the rear of the property.

The next outstanding upgrade is the extended Master bedroom which has allowed for a large work desk and seating area, along with a colour printer / scanner / copier for those who need to work with some privacy while vacationing. The Master bedroom is accompanied by a spacious ensuite bathroom that due to the extension, has a full sized fitted bathtub that sits alongside a large walk-in standing shower, with a rain shower head as well as a hand held shower.

Outside, it's a pretty amazing space, with the next modification to the standard Westmoreland Hills Villa design being a mega 26' swimming pool, which is the creme de la creme of the home. Power remote automatic awnings have been fitted on the border to the uncovered aspect of the deck; So you can choose to soak up the sun or take it easy in the shade.

All the while taking in the gorgeous backdrop of the Caribbean sea views and remarkable sunsets.

Stunningly decorated throughout, and tastefully furnished by the owners for your vacationing comfort, this 3 bedroom villa is

a treat within the development.

A 2nd, shared, bathroom with an over sized walk-in shower and vanity is available for use of bedrooms 2 and 3 for your guests.

Large televisions have been wall mounted in the lounge area and in the Master bedroom – and both have separate Digicel cable TV boxes, with an extended suite of US channels available.
